

# **PAWNEE COUNTY RURAL WATER DISTRICT NO. 1**

## **TEMPORARY WATER TAP FOR CONSTRUCTION AGREEMENT**

This is a temporary water tap intended for construction purposes only, it is valid for a maximum of one hundred twenty (120) days from the date of water meter installation. This period will not be extended except by approval of the General Manager or the Board of Directors. All provisions of the Water District's Rules and Regulations and By-Laws apply to this temporary tap.

Water service will be disconnected if ODEQ approval of the sewage disposal system has not been received within twenty-five (25) working days from time of installation, or if any provision of this agreement is violated. Failure of septic system inspection is cause for immediate lock out of water meter.

Upon presentation of the ODEQ approval of the sewage disposal system to the District, this temporary water service and membership may be converted to a regular service and membership, if payment for all water service is current, and all other provisions of the Water District's Rules and Regulations and By-Laws have been met.

Water used through the meter during the temporary period will be paid for at the commercial water rates of \$12.50 per 1,000 gallons. A minimum of \$35.00 per month is due, whether any water is used. There is a \$200.00 non-refundable deposit, due at the time of signing this agreement.
